Safety & Skill Training Schedule

Revised: **October 22, 2015**

****Schedule is Subject to Change.****

A minimum number of participants is required for the class to actually run.

WELDING Classes: Instruction & Technique **Get on Wait List for January start** **Saturdays 7 am - 330 pm**

The Southwest Carpenters Training Fund is pleased to again offer Welding classes to our members. The objective for this training is for more of our members to become Certified Welders. Participants should have a specific Welding Certification goal in mind. Common welding certs are: SMAW Light Gage AWS - SMAW Structural AWS - GMAW Light Gage - FCAW Light Gage - GMAW Structural AWS. Classes may be cancelled if not enough participants show-up. Space/Booths are Limited.

OSHA 10 Construction 10+ hours **Feb 23 to Feb 25** **Tues - Wed - Thurs** **4:00 pm - 8:00 pm**

APPRENTICES are REQUIRED to have this class PRIOR to being upgraded to JOURNEYMAN. 10+ safety topics covered in 10+ hours is the basis for this highly informative course. Safety topics are based on OSHA regulations and optional subjects are included to meet the needs of the participants. Video presentation and classroom activities comprise the training.

Rigging Refresher 16 hours **Feb 22 to Feb 26** **Monday - Thursday** **4:00 pm - 8:00 pm**

Classroom instruction and hands-on training provides the participants with the latest information on rigging hardware and procedures for members to update this important credential. Course will prepare member for written test.
